**New York City, N.Y., March 2, 2022** | *Mentalscapes: Erika Shiba* is an online solo exhibition featuring ten works from the Hong Kong based artist Erika Shiba.

Erika Shiba is a Japanese printmaker born and raised in Hong Kong; she received her BFA in 2018 from Parsons School of Design in New York for Illustration and Printmaking and received her MFA in Printmaking at Illinois State University in 2021. She has been included in group shows at Blanc Gallery (Quezon City, Philippines), Artlink Contemporary Gallery (Fort Wayne, IN), and the International Print Center of New York (NY, NY).

"Through my practice of printmaking and drawing I create a psychological universe which I like to call a "mentalscape"; the work I make exist as documents of discovery in this space. I record and reflect on personal thoughts and memories through the ritual of journaling. I then translate these entries into cryptic symbols. I process my emotions, share them to a degree, and invite viewers to examine them."
